CHRISTOPHER OGBONNAYA

Software & Web Development

Winnipeg, Manitoba, Canada | ogbochri@gmail.com | (204) 887-5933 | GitHub: GhostlyCoder55 | Portfolio: Ghostlycoder.netlify.app | LinkedIn: Christopher Ogbonnaya

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience building web and app projects. Uses TypeScript, JavaScript, React, Node.js, and Vite, complemented by bilingual customer service and technical troubleshooting experience. Seeking an entry-level software or web development role.

EDUCATION

University of Winnipeg | Winnipeg, Manitoba
Bachelor of Science in Computer Science
Relevant coursework: Data Structures & Algorithms, Object-Oriented Programming, Full-Stack Development, Computer Programming, Machine Learning, Artificial Intelligence, Statistics & Applications, Objects & Design.

PROJECTS

Openly | Personal Project | October 2026
- Developed a web app that helps users identify unknown file types and find software capable of opening them.
- Built with TypeScript, JavaScript, and Vite.

Vixen (404 Graveyard) | Personal Project | September–October 2026
- Created a more creative, user-friendly experience for visitors who encounter broken links and 404 errors.
- Built with TypeScript, JavaScript, React, Node.js, HTML, and CSS.

CookieNotes App | Personal Project | August 2026 - November 2026
- Built a digital recipe collection app for saving, editing, and organizing personal recipes, with an emphasis on straightforward navigation.

CheerUp App | Personal Project | January 2025 – November 2026
- Developed a mobile iOS entertainment app using Swift and SwiftUI, featuring interactive mini-games, dynamic gameplay mechanics, animated experiences, and intuitive gesture-based navigation.

EXPERIENCE

City of Winnipeg | Bilingual Customer Service Representative | Jul 2025–Present
- Handle residents' inquiries and service requests, providing accurate information about City services.
- Provide bilingual English- and French-language support to help residents navigate City services.

TELEPERFORMANCE | Sales Representative | Apr 2025–May 2025
- Responded to customer questions and concerns about products and accessories, offering troubleshooting guidance.
- Maintained knowledge of product features and common manufacturing faults to provide accurate support.

RBC Convention Centre | Banquet Server | Sep 2022–Dec 2024
- Served food and beverages while providing customer service at banquet events.
- Prepared tables helped set up and clean event spaces and supported bartending service.

TECHNICAL SKILLS

Programming & Web: TypeScript, JavaScript, Java, Python, PostgreSQL, Swift, HTML, CSS
Frameworks & Runtime: React, Node.js; build tool: Vite
Tools & Platforms: Git, Xcode; Linux, macOS, Windows
Languages: English and French (fluent)

CERTIFICATIONS & INVOLVEMENT

- Python — freeCodeCamp (October 2026)
- Web Development Fundamentals — IBM (October 2026)
- SQL (Intermediate) Certificate — HackerRank (October 2026)
- Software Engineer Intern Certificate — HackerRank (October 2026)
- Google AI Essentials — Google (June 2026)
- Digital Marketing Certified — HubSpot Academy (June 2026)
- AI Infrastructure and Operations Fundamentals — NVIDIA (July 2024)

Student member, UWACSSA, University of Winnipeg | January 2022–September 2026
